LSLO Pool (Locomotive Services)

90001 and 90002 were at Crewe HS with no reported workings.

DB Cargo

90039 and 90026 were in charge of 4S49 from Daventry to Grangemouth this evening. However, the train ran into issues at Beattock in effect blocking the mainline for a couple of hours. The train eventually continued northwards 120mins late, but I am unable to confirm if the train was assisted from the rear, rescued by another locomotive or if the 90s were able to get going again unaided. Nonetheless both 90s were detached from the train at Mossend and replaced by a 66. It looks like 90039 was the engine that caused the issues.

LSLO Pool (Locomotive Services)

90001 and 90002 were at Crewe HS with no reported workings.

DB Cargo

90026 and 90039 ran into trouble in the early hours of this morning near Beattock resulting in the down line being blocked for a couple of hours. Unclear if they were rescued, assisted by a banker or were able to eventually move forward under their own power. Nonetheless both 90s were at Mossend later in the morning (90039 was the issue).
