

The loco-hauled diagrams for Sunday's are subject to engineering work which takes place regularly at weekends. However, the headcodes remain largely unchanged even if engineering work is happening on the route.

The core diagrams for Sunday's are 1P13; 1P19; 1P23; 1P27; 1P51 and 1P12. However, 1P25; 1P26; 1P49 and 1P54 run on selected Sunday's during busy periods of the year (please refer to [www.realtimetrains.co.uk](http://www.realtimetrains.co.uk) for more info & weekly operations on what runs).
