

# Engineering Work Alterations

April 2025

Updated 4/4/25

## NATIONAL SUMMARY

Nothing to report at the time of posting.

## ALL OPERATORS INCLUDING FREIGHTLINER

The service alterations shown below are for routes which class 90s operate on for Freightliner but similar alterations apply to other operators who do not use Class 90s.

### West Coast Main Line

There is quite a bit disruption on the WCML during this period, I therefore urge people to check real-time data sources to see what trains are impacted and or cancelled/altered.

### WCML / Scotland / Midlands / South / NW England:

- Sunday 6<sup>th</sup> April – Carlisle northwards closed (diversions via ECML / GSW)
- Sunday 6<sup>th</sup> and 13<sup>th</sup> April – Stafford to Wolverhampton closed (diversions and alterations apply).
- Sunday 13<sup>th</sup> April – Preston northwards closed (diversions via ECML).
- Friday 18<sup>th</sup> April – Tuesday 22<sup>nd</sup> April – Milton Keynes Central southwards closed plus Carlisle northwards closed (diversions and alterations apply).

There were no other known alterations to report on at the time of publication.

### East Anglia / GEML

- Saturday 5<sup>th</sup> & Sunday 6<sup>th</sup> April – Colchester to Billericay closed all day (diversions apply for freight).
- Saturday 12<sup>th</sup> & Sunday 13<sup>th</sup> April – Colchester to Billericay closed all day (diversions apply for freight)
- Sunday 20<sup>th</sup> and Monday 21<sup>st</sup> – Colchester to Billericay closed all day (diversions apply for freight). Please also note that the WCML is shut south of Milton Keynes Central too.

- Tuesday 28<sup>th</sup> to Friday 2<sup>nd</sup> May – late night engineering work Witham to Colchester (diversions and alterations apply).

There were no other known alterations to report on at the time of publication. However, engineering work does take place on various sections of the GEML during the week and at weekends at short notice. It is advisable to check real-time data sources for specific trains on specific days just to be sure that the train you're looking for is a runner or diverted.
