

Engineering Work Alterations

November 2024

Updated 30/10/24

NATIONAL SUMMARY

Nothing to report.

FREIGHTLINER

The reported alterations below focus on corridors which are operated by class 90s for Freightliner.

GEML / East Anglia:

There was no planned engineering work on the GEML during November at the time of posting. However, short notice alterations and engineering work can take place from time to time, often without any prior knowledge.

WCML / Scotland / Midlands / NW England:

- Sunday 17th November – the WCML will be shut between Stafford and Crewe via Madeley, Norton Bridge, Stone and Stoke. Buses replace trains for the affected area and diversions shall be in place for freight.

There was no other known alterations to report on at the time of publication.

DB CARGO

WCML / Scotland / Midlands / NW England:

Alterations for DB Cargo are no longer reported for the time being.
